A beautiful roof makes a beautiful home

In addition to our traditional three-tab shingles, CertainTeed also offers a complete line of luxury and premium shingles that can transform your home into a warm work of art, gracefully and easily. For more information, ask your contractor or visit us on the web at www.certainteed.com.

Limited transferable warranty, including SureStart™ protection, is applicable only in the United States, its territories and Canada; for products sold outside these areas, please refer to the International Warranty for specific details and limitations.

Color Companion Products™

Want it all to match? CertainTeed offers Flintlastic™ SA, a low-slope roofing product that goes perfectly with XT 30, XT 25, and CT 20 shingles. It's available in several colors, giving you the flexibility to coordinate or match areas such as porches, canopies and carports with your main roof.

Roofs are big. Color is important. Choose wisely.

1. **Think big**—View a full-sized shingle, not just a swatch or sample.
2. **Be real**—Look at actual houses where the house/roof color combinations are similar to what you're considering.
3. **Watch the light**—As you look, notice how colors appear under changing light conditions and at various times of day.
